MCCI on (02) 4229 7566

Getting the help you need

Call us, stop by our office or we can visit you at home to talk to you and your family about how to get help

- at home (cleaning, shopping, personal care)
- to understand how services work
- to change services if you are not happy
- to get a break from caring for others
- if you feel lonely and want some company
- if you are worried about your memory

“ Finally I found someone that understands me. Things were explained to me.
